plant breeding in new zealand is a collection of papers that covers selecting and breeding of crops pastures fruits timbers and soil conservation plants in new zealand the book is divided into four parts which are dealing with cropping horticulture forestry and soil conservation and pasture the text first covers crop plants such as wheat barley and potatoes the next part deals with horticulture produce such as apples berries and citrus next the book discusses forestry soil conservation and genetic techniques in plant improvement the last part talks about the plants used in pastures which include white and red clover lucerne and lotus and other legumes the book will be of great use to botanists agriculturists and horticulturists who wish to be aware of the plant selection and breeding methods used in new zealand

contains over 100 maps photos and illustrations formed in egypt in march 1916 the division arrived in france a month later it acquired an elite status fought on the somme at messines and third ypres 49 000 casualties ten vcs a very fine and comprehensive history as may be expected this is a remarkably comprehensive account of one of the finest divisions of the bef of which earl haig wrote no division in france built up for itself a finer reputation whether for the gallantry of its conduct in battle or for the excellence of its behaviour out of the line its record does honour to the land from which it came and to the empire for which it fought a german assessment of the division was seen in an intelligence document captured at hebuterne in july 1918 a particularly good assault division its characteristics are a very strongly developed individual self confidence or enterprise characteristic of the colonial british and a specially pronounced hatred of the germans the nz division of this history was formed in egypt in march 1916 the infantry consisted of two battalions each of the auckland canterbury otago and wellington regiments and four battalions of the nz rifle brigade all the divisional troops artillery engineers medical etc were nz units the goc was major general sir a h russell promoted from command of a brigade of the composite nz and australian division he was to be the only commander of the division the nz division arrived in france in april 1916 and it remained on the western front throughout the war the author commanded the 2nd battalion canterbury regiment and in preparing this official account he has drawn on all available material war diaries operation orders intelligence summaries narratives of operations prepared at corps level and below honours and awards recommendations divisional reports and correspondence personal diaries and papers and haig s despatches n m print ed

first multi year cumulation covers six years 1965 70

the battle for passchendaele on 12 october 1917 was one of the epic struggles of the first world war british field marshal douglas haig allocated ii anzac corps to capture passchendaele village with major general monash s 3rd australian division and the new zealand division leading the attack for both divisions the battle was a bloody debacle monash s division started the battle with 5800 men and just 24 hours later could only muster 2600 suffering horrendous losses for a small territorial gain which was later relinquished the new zealand division was trapped in front of the german wire and barely moved from its start line suffering one of its highest casualty rates of the war fought in conditions which seemed to preclude any chance of success the battle has become a metaphor for pointless sacrifice after the battle the british and australian leadership were unanimous in placing blame for the defeat on the all pervasive mud monash writing to his wife believed that his plan would have succeeded in normal conditions yet two weeks later in similar weather and terrain lieutenant general currie s canadian corps succeeded where monash and godley s ii anzac corps did not the central focus of this book is a detailed analysis of the 3rd australian division s plan and execution of the attack on passchendaele by examining the differences between the australian and canadian plans for the capture of passchendaele the author casts this iconic battle in a completely different light it is a re examination that is long overdue

a lavishly illustrated account of the anzacs involvement in the western front complete with walking and driving tours of 28 battlefields with rare photographs and documents from the australian war memorial archive and extensive travel information this is the most comprehensive guide to the battlefields of the western front on the market every chapter covers not just the battles but the often larger than life personalities who took part in them following a chronological order from 1916 through 1918 the book leads readers through every major engagement the australian and new zealanders fought in and includes tactical considerations and extracts from the personal diaries of soldiers this is the perfect book for anyone who wants to explore the battlefields of the western front either in person or from the comfort of home

a comprehensive biography of general sir alexander godley presenting for the first time a fair and balanced look at his time as commander of the new zealand expeditionary force nzef and ii anzac corps during world war i while godley is generally remembered as being a poor field commander terry kinloch argues that he was in fact a capable one who had little or no ability to influence the failed battles at gallipoli and passchendaele that he is often seen as responsible for kinloch also presents for the first time

a detailed account of Godley's long pre and post World War I career in the British Army. After the war, Godley returned to the British Army, eventually reaching the rank of general before retiring in 1933. During his 48-year military career, he also served on operations in Rhodesia and South Africa as a mounted infantry instructor in the post-war British occupation force in Germany and as the governor of Gibraltar.

Love and the Loveless (1958) was the seventh entry in Henry Williamson's fifteen-volume chronicle of ancient sunlight spanning the years from the late Victorian period to the Second World War. The year covered by this novel, 1917, was perhaps the darkest of the Great War, with widespread mutinies in the French Army after the disastrous Nivelle offensive. Phillip Maddison is now a young transport officer tending pack animals surviving amid devastation and death. His courage is sustained by poetry, by comradeship, by the comfort of whisky and water. It is perhaps unnatural, but amid the charnel house of battle, he endures in a way of life so alien to those at home that it might be the dark side of the moon. Williamson's style is romantic, though rarely sentimental, and his sensuous response to nature is fresh and surprising. Anthony Burgess, *Ninety-Nine Novels: The Best in English Since 1939*.

The New Zealand Expeditionary Force earned an elite reputation on the Western Front in World War I, and the New Zealanders' war effort was a defining moment in their national history. The statistics are astonishing: of the total population of New Zealand of 1 million, no fewer than 100,000 men enlisted, and of those, 18,000 were killed and 58,000 wounded. In other words, 15 percent of the male population of New Zealand became casualties. Famously, the NZEF was first committed at Gallipoli in 1915, but NZ Cavalry regiments also helped defend Egypt and fought in Palestine with Allenby's famous Desert Mounted Corps. On the Western Front, the Kiwis were called the Silent Division for their fieldcraft and their uncomplaining professionalism. This book is both a tribute and a history of the contribution made by a small nation.

Vols for 1933-1936 include the Law Journal Supplement to the New Zealand Law Reports.

The *Encyclopedia of Northern Kentucky* is the authoritative reference on the people, places, history, and rich heritage of the Northern Kentucky region. The encyclopedia defines an overlooked region of more than 450,000 residents and celebrates its contributions to
